The Genesis of a Creative Partnership

The first meeting between Bono and Michka Assayas was a chance encounter at a Parisian bar in the early 1990s. Amidst the lively atmosphere and shared love of music, a spark ignited. Bono, drawn to Assayas's artistic vision, extended an invitation to collaborate on a film project.

Initially titled "Passengers," the film evolved into the critically acclaimed "U2 Rattle and Hum." With Assayas at the helm as director, the documentary

captured the intimate moments and personal reflections of U2 during their iconic "Zoo TV" tour. The collaboration marked a turning point in the band's visual storytelling, pushing the boundaries of concert films and creating a cinematic experience that transcended the stage.

Shared Passions, Artistic Synergy

Beyond their initial collaboration, Bono and Assayas discovered a deep-seated kinship that extended beyond music. As they delved into conversations and artistic explorations together, they realized the shared values and sensibilities that united them.

Their discussions delved into topics such as spirituality, activism, and the transformative power of art. Bono's poetic lyrics and profound insights resonated with Assayas's cinematic aesthetic, which often explored the human condition and the interplay between reality and imagination.

In 2013, their artistic alliance reached a new level with the release of Assayas's film "Clouds of Sils Maria." Starring Kristen Stewart as a young actress grappling with the complexities of aging and her evolving career, the film featured an original song by Bono, "The Troubles." The haunting and introspective track perfectly captured the emotional turmoil and artistic journey depicted in the movie.
