

Unveiling the Double Tragedy: Refugees and Host Communities in the Levant and Beyond

The ongoing conflicts and political instability in the Middle East have created a massive humanitarian crisis, resulting in the displacement of millions of people. These refugees have fled their homes and sought refuge in neighboring countries, putting a significant strain on the resources and infrastructure of these host communities.

The book, "The Double Tragedy of Refugees and Impacted Host Communities: The Levant and Beyond," sheds light on this complex issue, offering a comprehensive analysis of the challenges faced by both refugees and the communities that host them.
